Welcome message

Welcome to Bornfire Festival 2026!

This year marks 20 years of Bornfire Singapore, two decades of gathering around circus, movement, fire, and, most importantly, one another.

What began as a single fire event has grown into a community-led platform for circus and flow arts in Singapore, shaped by the practitioners, artists, teachers, volunteers, and audiences who have given their time, energy, and imagination along the way. Over the years, Bornfire has connected local and international communities, nurtured practitioners, created spaces for exchange, and built friendships that continue to cross borders.

This anniversary edition is an opportunity to pause and reflect on what keeps a community alive.

Circus is often associated with risk, skill, spectacle, and the pursuit of the extraordinary. But behind every trick is a person, learning, struggling, playing, failing, growing, and finding their place among others. In a time when burnout, isolation, and the pressure to constantly achieve can feel increasingly familiar, we want to make space for something simpler: being human.

Our theme for 2026 is **Humanity**.

Through workshops, performances, conversations, play, and shared rituals, we invite you to explore not only what we can do, but how we support one another in doing it. How do we sustain ourselves? How do we care for our communities? How do we create without losing ourselves in the process? And how do we keep that inner flame alive?

Bornfire has always been more than a festival. It is a meeting point, where strangers become friends, practitioners exchange knowledge, ideas travel across borders, and old circus friends find their way back to one another.

So, whether this is your first Bornfire Festival or your twentieth year with us, we invite you to come as you are.

Learn something new. Share what you know. Take a risk. Rest when you need to. Have a conversation. Make a friend. Reconnect with an old one.

And together, let's keep the fire burning.

SUSTAINABLE BEST PRACTICE + GOALS

Small actions, shared responsibility.

We aim to make Bornfire a festival that cares for our environment, our community, and the people who make it happen.

12 RESPONSIBLE CONSUMPTION AND PRODUCTION

1. TRAVEL LIGHT

Take public transport whenever possible, and carpool when you can. The festival venue is easily accessible by MRT and bus.

2. Go Digital

We minimise unnecessary printing by providing programmes, schedules and maps digitally. Scan the QR codes to access information.

3. Reuse & Reduce

Bring your own water bottle or cup. We aim to reduce single-use items and prioritise borrowing, reusing and repurposing materials wherever possible.

4. Support Local

We work with local and regional artists, facilitators and suppliers wherever possible. There will be no food vendors at the festival, so please support the local businesses and eateries around the area.

5. Refill & Recycle

Drinking fountains are available at *SCAPE on Levels 4 (Take lift by drop off point). Please use designated recycling points and help us keep waste out of landfills.

6. Leave No Trace

Help us care for the spaces we share. Keep the festival grounds clean, dispose of waste responsibly, and join us in a quick litter-pick at the end of each day.

Sustainability at Bornfire Festival is a collective effort. Thank you for helping us keep the fire going, responsibly.

Festival tee

Tee designer Lina Heng said:

“Bornfire Festival brings people together like a single thread, weaving together the moments that make it memorable.

This design captures key festival memories, from endurance games and combat to friendships made along the way, all connected by one continuous line.

For those who have been to past Bornfire Festivals, hopefully, some of the images will spark a familiar memory, a favourite moment, or a story of your own!”
